Legislative Council Question No.1247 - Detection of Crime in 1927 -
Decline in South Kanara district - furnishing information.

For No. 856/848/28

Station Madras, Dated the 14 December 1928.

From (Name) F. A. Hamilton, Esquire,
(Designation) Inspector-General of Police, Madras.

CHIEF
To The Secretary to the Government of Madras,

JUDICIAL Department.

Sir,

Reference - Judicial Department Memorandum No.4868-1,
dated 23rd November 1928.

I have the honour to furnish the following information
regarding the detection of crime in 1927 in South Kanara
district.

Number of true cases of cognizable crime under the
Indian Penal Code.

Year	Number convicted	Number discharged or acquitted.	Number not detected or apprehended	Total of columns 2 to 4.	Percentage of detection.	Difference of percentage.
1926	247	48	165	460	53.7	
1927	172	66	125	363	47.4	- 6.3.

Considering

Considering the small number of cases in the district, the decrease of detection represents only very few cases. There is no such great fall in detection as to call for special notice and no particular reason can be given for the decrease.

I have the honour to be,
Sir,
Your most obedient servant,

Beckett 13/12/28

Sir,

P.C.F.

L.C.C., No. 877--November 1928--
Crime--S. Kanara Dist--Detection--Decline

I am to give the answer to question

P.C.F.

No. 877 as ascertained after enquiry--

(a) No. The percentage of detection

1/5-6%

fell by 6 but in a comparatively small
total number of cases, this does not con-
stitute a 'great decline'.

(b) No special action in South Kanara

as distinguished from any other district
is called for. The question of improv-
ing detection generally is always before
the Government.

Clause (b) In para. 5 of G.O.No. 467 Judicial dated the 25th September 1928 the Government have directed that to make investigations more systematic and successful there should be greater ~~more~~ coordination between station and station, circle and circle and district and district. In para. 32 of the report the I.G. - - has stated that the check over bad characters has been made more efficient by encouraging village magistrates to report promptly the advent of all strangers and by a generous use of rewards and special rewards. These measures would, it is expected, improve matters.
